

AmeriCorps 101: Introduction to AmeriCorps

Lori Williams Program Officer
Missouri Community Service Commission

Intended Audience

- Organizations interested in applying for **AmeriCorps State** (single-state) funding in the State of Missouri
- Organizations unfamiliar with National Service and/or AmeriCorps
- Organizations unfamiliar with AmeriCorps State, but have previous experience with the other AmeriCorps streams of service (e.g. AmeriCorps VISTA, AmeriCorps NCCC)

Objectives

- To understand key terms and concepts
- To understand the basic concepts of AmeriCorps
- To understand the purpose of AmeriCorps funding:
 - Eligibility information
 - Evidence basis
 - Focus areas and example service activities
 - Prohibited activities
- To understand the definition of an AmeriCorps Member

Key Terms and Concepts

Grant Types (Single-State vs. Multi-State):

Single State (AmeriCorps State):

An AmeriCorps program operating solely within one state. The organization applies for AmeriCorps funding through the state service commission (Missouri Community Service Commission) per the state guidelines.

Multi-State (AmeriCorps National):

An AmeriCorps program operating in two or more states. The organization applies for AmeriCorps funding directly through the Corporation for National and Community Service and consults with the state service commissions in those states in which service activities will take place.

If you are a multi-state grant applicant, please refer to the CNCS Notice of Funding Opportunity for additional information: <http://www.nationalservice.gov/build-your-capacity/grants/funding-opportunities/2017/ameri-corps-state-and-national-grants-fy-2017>

Key Terms and Concepts

AmeriCorps Grant (AmeriCorps State):

Funding provided to a single-state applicant through the state service commission to operate an AmeriCorps program. There are two processes through which funding is awarded:

Formula Grant:

AmeriCorps funding provided through a state grant competition. Available funding is contingent upon a state population-based formula appropriation on the state level.

Competitive Grant*:

AmeriCorps funding provided through a national grant competition. Available funding is contingent upon budget appropriations on the federal level.

**In Missouri, the competitive process is "by invitation only", meaning the Missouri Community Service Commission invites current sub-grantees (not first-time applicants) that meet specific criteria to apply via the national funding competition. First-time applicants are considered for formula funding.*

Key Terms and Concepts

Applicant:

An organization applying for AmeriCorps funding. The following outlines the type of applicants:

New Applicant:

An organization that has not previously received an AmeriCorps grant (first-time applicant).

Continuation Applicant:

A current sub-grantee (AmeriCorps program) that has been funded for Year 1 or 2 of a three-year grant cycle and meets the definition of "same project" (no change in program design).

Re-compete Applicant:

A current sub-grantee (AmeriCorps program) that is in Year 3 of a three-year grant cycle and meets the definition of "same project" (no change in program design).

Key Terms and Concepts

Grantee:

The direct recipient of AmeriCorps grant funds. For AmeriCorps State, the Missouri Community Service Commission (also referred to as "MCSC" or "the Commission") is the direct grantee of the Corporation for National and Community Service (also referred to as "CNCS" or "the Corporation").

Sub-grantee:

The sub-recipient of AmeriCorps grant funds. For AmeriCorps State, the AmeriCorps program (organization that receives an AmeriCorps grant and operates a service program) is the sub-grantee of the MCSC.

Service Location:

The places in the community where AmeriCorps Members conduct or complete their service activities (also referred to as "service sites" or "service site locations").

Key Terms and Concepts

AmeriCorps Member:

An individual enrolled for a specific term of service with an approved AmeriCorps program; also referred to as "Member" or "ACM".

Member Service Year (MSY):

One MSY is equivalent to one full-time AmeriCorps Member (1700-hour commitment). AmeriCorps funds are contingent on the number of MSYs requested by the applicant organization.

AmeriCorps Member Term/Slot Type:

There are five types of AmeriCorps Member terms/slots: 1) full-time, 2) half-time, 3) reduced half-time, 4) quarter-time, and 5) minimum-time. The total MSYs a program requests depends on the number and type of slots included in a particular program design.

There is a MSY Calculator in Tab #3 of the MCSC's budget worksheet template.

Key Terms and Concepts

Living Allowance:

The stipend provided to AmeriCorps Members by the AmeriCorps program to support them during a term of service. Thresholds based on the Member term/slot are outlined in the MO Notice of Funding Opportunity.

Cost per MSY:

Total amount of money requested from AmeriCorps (CNCS share of the budget) divided by the total number of MSYs requested. There is a maximum cost per MSY based on the type of grant requested (outlined in the MO Notice of Funding Opportunity).

Segal AmeriCorps Education Award:

An award made available to an AmeriCorps Member upon successfully completing a term of service. The education award is provided and maintained by the National Service Trust; not the AmeriCorps program or commission. An AmeriCorps Member has 7 years from the completion date of the term of service to use the education award for qualified educational expenses or to repay qualified student loans.

AmeriCorps

About the Program

- AmeriCorps is an umbrella consisting of three distinct programs (or streams of service).

AmeriCorps

Streams of Service

- **AmeriCorps VISTA (*Volunteers in Service to America*)**
 - Provides full-time AmeriCorps Members to non-profits, faith-based and other community organizations, as well as public agencies to create and expand programs (capacity building) that bring low income individuals and communities out of poverty.
 - <https://www.nationalservice.gov/programs/ameri-corps/ameri-corps-vista>
- **AmeriCorps NCCC (*National Civilian Community Corps*)**
 - Full-time residential program for individuals, ages 18-24, who engage in short-term service projects (direct service) across the country.
 - <https://www.nationalservice.gov/programs/ameri-corps/ameri-corps-nccc>

AmeriCorps *Streams of Service*

- **AmeriCorps State & National**

- Provides grants to eligible organizations in order to provide opportunities for individuals (AmeriCorps Members) to serve communities through direct service.

The remainder of this presentation will focus on AmeriCorps State (single-state) programs. If you are interested in operating an AmeriCorps program in multiple states (AmeriCorps National Direct), please apply directly to CNCS for funding.

AmeriCorps Grants *Purpose of Funding*

- AmeriCorps grants are awarded to eligible organizations proposing to engage AmeriCorps Members in evidence-based or evidence-informed interventions to strengthen communities. The AmeriCorps grant:
 - Provides partial funding to support AmeriCorps programs. Grant recipients must contribute cash or in-kind match funds;
 - Is solely for program-related expenses; not for general organizational expenses; and
 - Includes an allotment of AmeriCorps Member positions and funds directly tied to the number of AmeriCorps Members.

AmeriCorps funds cannot supplant resources that 'organically' exist in a community.

AmeriCorps Grants *Eligibility*

Eligible organizations include:

1. Institutions of higher education
2. Local governments (includes school districts)
3. Nonprofit organizations
4. State agencies

Eligible organizations should have the following:

- Active System for Awards Management (SAM) registration

Ineligible organizations include:

1. Organizations convicted of a federal crime.
2. Organizations engaged in lobbying activities.
3. Organizations with delinquent federal debt.

AmeriCorps Grants *Evidence Basis*

- Evidence basis (***evidence-informed or evidence-based***) refers to an organization's demonstration of why it is proposing a particular intervention (service activity) to address the identified community problem. Evidence demonstrates the likelihood an intervention will produce positive outcomes.
- Evidence for the intervention could be supported by one or more of the following:
 - Results from impact evaluations
 - Research studies
 - Past performance measurement outcome data

AmeriCorps Grants

Focus Areas

- AmeriCorps State grants aim to focus funding in six areas identified by the Serve America Act:
 - Disaster Services
