Waynesville R-VI School District

Waynesville AmeriCorps Program
IMMEDIATE RESPONSE TO COVID-19

• Members were off work for 2 days following Spring Break.
• A schedule was created to outline the duties and responsibilities going forward.
• ACM started creating curriculum for afterschool programs using templates for lesson plans.
• Each lesson plan was reviewed for accuracy by program staff to ensure all elements were present, and if revisions were necessary it was returned to the ACM for revision.
• 3 lesson plans were required per day.
ONGOING RESPONSE

- Meal Delivery Service for the Homebound
- Mandatory Training Development
- ACM researched (with guidance) one of the mandatory AC training topics, developed a lesson plan, outline, and slide show. Once approved by program staff, conducted a zoom training session for the program.
- Assisted Transportation with food delivery
- Assistance in the schools with material returns
- Provided manpower for Food Pickup sites throughout the district.
- Organized, Packed, and delivered Meals for Snack in a Pack
- Delivered Homework Packets for Schools to assist in the students academic progress during the virtual learning process.
- OVER 500,000 meals delivered
WAYNESVILLE AMERICORPS DELIVERS ITS 500,001st MEAL

Ryan Murphy, director of nutrition services for OPAA!; Rube Dowell, AmeriCorps member; Danina Ashley, transportation employee; Jesus Hernandez, AmeriCorps member; and Karl Wilking, director of transportation, pose for a photo following the serving of the 500,001st meal that was provided through the drive-through site at Waynesville High School. The meals are provided to all children age 18 and under and children look forward to seeing if one of their favorite foods is inside.
