

Instructions: The applicant must provide at least one aligned performance measure (output and outcome) that corresponds to the proposed primary intervention. Refer to the CNCS Performance Measure Instructions to ensure you are meeting requirements. Insert rows (output or intermediate outcome modules) as needed. Interventions under different CNCS focus areas and/or objectives should be in separate PM modules.

PERFORMANCE MEASUREMENT/SELECTED INTERVENTIONS

- PM Title:** Enter a brief title for performance measure.
- Focus Area:** Enter the CNCS focus area related to the PM (e.g. Education, Healthy Futures). If it does not fall under a CNCS Focus Area, enter “Other” with a one sentence explanation.
- Objective:** Enter the CNCS Strategic Plan Objective related to the PM.
- Number of MSY:** Enter the number of MSY assigned to the PM (performing the intervention). If using multiple performance measures, the total MSY distribution to each performance measure should equal the total number of MSY requested in the grant application.
- Number of Member Slots:** Enter the number of Member slots performing the interventions. This number may be higher than the total MSY, particularly if a percentage of Members’ total time is distributed between multiple interventions.
- Problem Statement:** Enter a brief summary of the community problem being addressed.
- Description of Intervention:** Enter a brief description of the service activities that Members will perform. The description should include the dosage (frequency, duration, and intensity).

OUTPUT/INTERMEDIATE OUTCOME

- Applicable National Performance Measure:** Enter the text of the output or outcome measure as outlined in the CNCS Performance Measures Instructions (e.g. O1: Number of economically disadvantaged individuals receiving financial literacy services). If using an applicant-determined output or outcome, follow the same template in naming the output or outcome.
- Target Demographic:** Enter the target beneficiaries of service activities (e.g. economically disadvantaged individuals; economically disadvantaged students; Corps Members, etc.).
- Target Number:** Enter the proposed number of beneficiaries anticipated to participate in/receive services (output) or experience a change in knowledge, skill, behavior, condition, etc. (outcome).
- Measured By:** Enter the name or type of data collection tool (e.g. attendance record; survey; pre- and post-tests).
- Describe Instrument:** Enter a brief description of the data collection tool.

**** Result Types:**

- **Outputs** are counts of the amount of service members/beneficiaries who have completed the program or received services, but do not provide information on benefits to or other changes in the lives of members and/or beneficiaries.
- **Intermediate Outcomes** specify changes (in attitude, behavior, skill, condition) that have occurred in the lives of members and/or beneficiaries, but are short of a significant benefit for them.
